PROFILE

Software engineering student specializing in Full Stack development, with experience gained through internships. Passionate about Machine Learning, DevOps, and mobile development, with skills demonstrated through real-world projects.

EDUCATION

Engineering Degree in Software Engineering <i>Faculty of Sciences of Tunis (FST)</i>	09/2024 – Present
Bachelor's Degree in Software Engineering and Information Systems <i>Higher Institute of Information and Communication Technologies (ISTIC)</i>	09/2021 – 05/2024
Baccalaureate in Computer Science <i>Dar Chaabane El Fehri High School</i>	09/2020 – 06/2021

PROFESSIONAL EXPERIENCE

Full Stack Developer – End-of-year Internship at STB • Achievement : Design and development of an intelligent web platform for bank card management, with real-time monitoring and secure transaction validation via OTP. • Technologies : ASP.NET Core (Clean Architecture), Angular, SQL Server	07/2025 – 08/2025 Tunis
Full Stack Developer – Final Year Project Internship at Sagemcom • Achievement : Development of a secure web portal for centralizing test logs, managing serial numbers and production operations, with action traceability and interactive dashboard via Power BI. • Technologies : ASP.NET Core, Angular, SQL Server, Power BI	01/2024 – 05/2024 Tunis
Full Stack Developer – End-of-year Internship at Neopolis Development • Achievement : Development of a web application for wiki generation aimed at simplifying the automatic creation and customization of wikis. • Technologies : Angular, Flask, MySQL	07/2023 – 08/2023 Nabeul

PROJECTS

Plant Disease Detection <i>Tomato disease detection system combining and comparing machine learning models (Random Forest, SVM, KNN) and deep learning (CNN, MobileNetV2), with deployment via API and web application.</i> Technologies : Python, Scikit-learn, TensorFlow/Keras, OpenCV, scikit-image, FastAPI, Streamlit, Docker, Render	04/2026
---	---------

MLOps: Banking Fraud Detection System

03/2026

Development of an MLOps pipeline for banking fraud detection: data analysis and preprocessing, model comparison (Logistic Regression, Random Forest, XGBoost), hyperparameter optimization, interpretability and deployment via containerized FastAPI with Docker.

Technologies : Python, Scikit-learn, Optuna, SHAP, FastAPI, MLflow, Docker, Pandas, NumPy

Mobile Application for Room and Equipment Booking

02/2026 – 03/2026

Development of a mobile application for booking rooms and equipment at FST, with real-time availability tracking.

Technologies : FastAPI, Flutter, MongoDB

AWS 3-Tier Cloud Architecture

01/2026

Design of a highly available, secure, and scalable AWS 3-tier cloud architecture, with Docker containerization and ECS orchestration.

Technologies : EC2, ECS, RDS, S3, CloudFront, Docker, Node.js, React, MySQL

CertiVerse – Decentralized Certification Platform (Blockchain / Web3)

10/2025 – 12/2025

Decentralized application enabling the issuance and verification of certificates and diplomas on the Ethereum blockchain, guaranteeing their authenticity and instant verification, as well as management of secure and tamper-proof student portfolios, with online deployment.

Technologies : React, Solidity, Ethereum, Ethers.js, IPFS (Pinata), Vite, Vercel

"PourLaForme" Web Application

02/2025 – 03/2025

Design and development of an intelligent sports management web platform with a booking system and AI module for personalized recommendations.

Technologies : Angular, Node.js, MongoDB, AI, Docker

SKILLS

Programming Languages

JAVA | C | PYTHON | JavaScript

Databases

MySQL | SQL Server | MongoDB

Frameworks

Angular | React | FastAPI | Spring Boot | Flutter | .NET

Machine Learning & Deep Learning :

Scikit-learn | TensorFlow | Keras | NumPy | Pandas

Computer Vision :

OpenCV, scikit-image

Cloud & DevOps:

AWS | Docker

LANGUAGES

French	● ● ● ● ●	English	● ● ● ● ●
Arabic	● ● ● ● ●		

CERTIFICATIONS

- Big Data Engineer - IBM
- AWS Certified Cloud Practitioner (CLF-Co2) - Amazon Web Services (AWS)

ASSOCIATIONS

ATIA FST

Active Member

09/2024 – Present

IEEE ISTIC

Media Officer

09/2023 – 05/2024
